

Muslim and Jew Tour : Beyond Israel

PALESTINE

Under Islam

Under Zionism

For centuries Muslims and Jews lived in this part of the world in peace and harmony. Then suddenly a conflict erupts where claims and counter claims are made. What caused the change? What are the roots of conflict in Palestine?

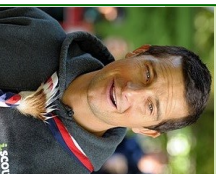

The colony that Britain helped create needs to change. But into what? Following the successful run of 15 UK cities in April, the Tour comes to Labour Conference. Rabbi Elhanan Beck and Palestinian Rabbi Haim Sofer, spokesmen of the Neturei Karta UK will be alongside Palestinian Taghrid Al-Mawed of the Palestine Refugee Project. They'll explore why many Orthodox Jews don't recognise Israel and what should stand in its place. One state, a Palestine for all its peoples? One Democratic Palestine chair and Gaza twinning campaigner Pete Gregson will also talk on the excesses of the British Mandate and the loss of freedom of speech on Israel. At 7pm on Mon 9th October 2023 at the Pakistan Association Liverpool, 68a Mulgrave Street, L8 2TF. Free, but booking advised. See the videos of the last tour at

Bear Grylls— Please don't witch-

hunt critics of Israel

We call upon the Chief Scout, Bear Grylls, to tell the Scouting Association he leads, not to expel volunteers who campaign against Zionist support for Israel.

The Scout Association has expelled Pete Gregson, treasurer of the 150th Craigmound Scout Group, for being affiliated to the Campaign Against Bogus Antisemitism (CABA).

He holds the Chief Scout's award from Bear Grylls and is shocked and upset at his treatment. The Scouts appear to be working to the IHRA Definition of Antisemitism which equates criticism of Israel to antisemitism. But Rabbi Yisroel Dovid Weiss of Neturei Karta writes in support saying "Pete is in no way anti-Jewish".

In the 10 years Pete's been a volunteer, he has never mentioned his politics. However, following a Zionist complaint, he was suspended- and after one year, with no right to respond, expelled.

Please call upon the Chief Scout to reinstate Pete and stop the Scouts from witch-hunting anti-racist campaigners for Palestine. Sign at www.change.org/scoutsihra

One Democratic Palestine (ODP) supports a single-state solution for Palestine that reflects the reality that the two-state option is dead; Israel has killed it.

We British conquered Palestine in 1917, then gave it to the Zionist Federation and helped create Israel. It is time for this colonial project to end; surveys show that this is what the majority of Palestinians want.

UK groups such as the PSC either refuse to take a side or align with the Palestine Authority (PA), who have chosen to recognise Israel and therefore *de facto* support a two-state solution. The Talmud is clear that Jews should not have a separate state.

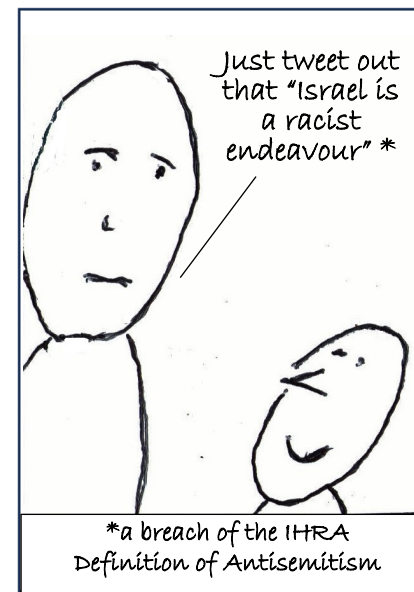

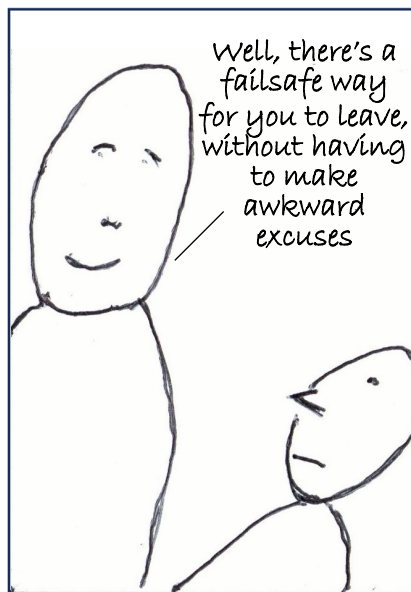

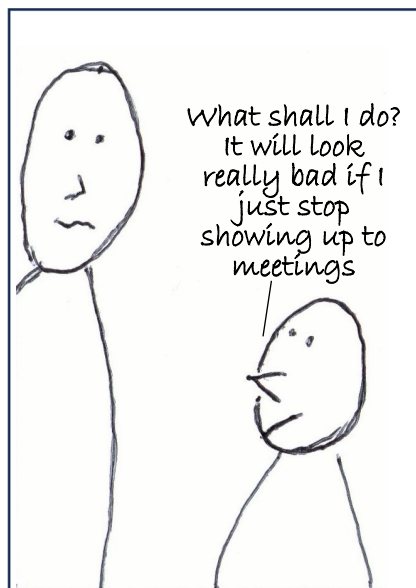

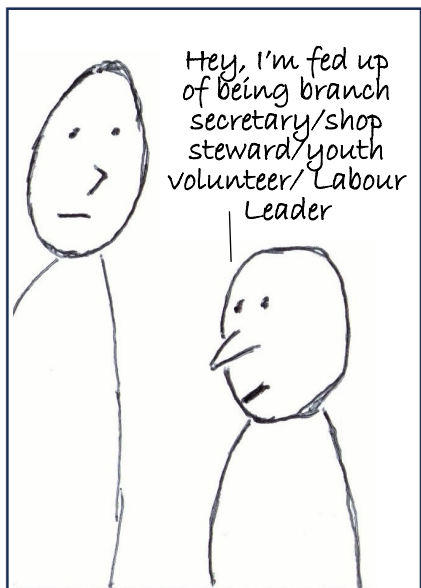

The YouGov survey (at www.tinyurl.com/YouGovPal) reports 23% of the UK public support Palestine, with just 10% for Israel—yet our leaders favour Israel. Why?

ODP favours a new single-state of Palestine where Jews, Arabs and Christians all have equal voting rights and where UN resolution 194 on the right to return is honoured. We align ourselves to the One Democratic State Campaign.

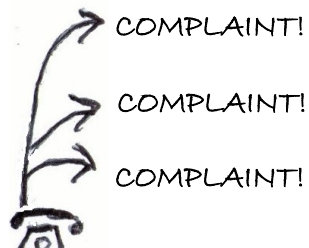

We also fight the unfair stigmatisation of us anti-racist campaigners as antisemitic. Help us campaign to rid our UK bodies of the fraudulent and politicised IHRA Definition of Antisemitism. Join for free or sign up to our newsletter at

MAKING THE IHRA DEFINITION OF ANTISEMITISM WORK FOR YOU...

Ed's note: this won't work if you criticise any other country

DID YOU KNOW?
It's now safer to criticise Israel in Israel than it is in the UK
